

Laser Cut

*Please add a 2mm bleed to the front and back artwork

Direct Print

*Sides can either be white, black or use the **DECAL** option to wrap the sides with a full color permanent decal.

We will send a final proof before production. Estimate where you want the elements or give us instructions.

*There will be a stainless steel ferrule and screw on each handle. Please allow at least a 1" wide flat area so the ferrule can sit flat on the wood.

 Safe Area  Visible Area  Bleed

***Please export as a vector file if possible - If not, please export as a jpeg in CMYK at 600 dpi at full size**

"**Decal**" means we print on a specialized white decal material it also gets laminated to protect the ink before being applied to the handle.
"**Direct Print**" Means we print directly onto the handle. (*White ink is available for direct printing)

Disclaimer: Proof colours are not exact. Colours may vary depending on the screen you are viewing them on. Please check over your proof for spelling and artwork errors. Your approval constitutes acceptance of full responsibility for all errors. Borrego Radium Ltd will not accept liability or costs for correcting errors overlooked one artwork is approved.
